

The British School of Lanzarote S.L.

Synopsis of Examinations

A most important part of our aim is to encourage high academic standards. We wish to provide our children with the opportunity to reach their full potential and to help them in their quest to further their education and optimise their opportunities.

At the **British School of Lanzarote**, we provide a broad based curriculum in both English and Spanish leading to world-wide accepted British examinations:

I. G. C. S. E. - International General Certificate of Secondary Education
(Cambridge University Board)

The curriculum consists of a two-year course of study leading to examinations.

The pass grades for I.G.C.S.E. exams range from A* to G.

These examinations are internationally accepted by over 90 countries throughout the world, including Spain, where they have been officially convalidated with the Spanish educational system.

The Curriculum offered by these examinations is suitable for all nationalities and all ability ranges, and they help our school to provide a complete education.

To assist you in understanding these examinations, this booklet is designed to explain in clear and precise terms the reasons for studying the subjects and what is involved!

If you require any further explanation the staff and I are always available to answer any questions you may have.

Gill Crew
Headteacher
