

After-School Clubs

Throughout the school year a variety of clubs are held after school. These are either run by staff from the school or by visiting specialists (in which case a fee may be applied). Examples of clubs include Drumming, Pilates, Circuit Training, Yoga, Dance, Gymnastics, etc. At present we have a Circus Club and a Gardening Club.

Circus Club

The 'Circo de lanzarote' (Lanzarote Circus) run a regular after school club twice a week at the school. It includes workshops on different disciplines including acrobatics, trapeze, juggling, equilibrium, monocycle, etc. These disciplines help to develop children's concentration, coordination and reaction and at the same time encourage self confidence, trust and mutual respect.

Gardening Club

Children have been very busy at the Gardening Club since September. They have planted seeds that have now fully grown into beautiful flowers, planted mushrooms and watched them grow every day, painted toadstools for the garden, made homemade soup using a selection of vegetables that you would grow in your garden, made their very own scarecrow and made a scarecrow for our Garden which they have aptly named 'Boo'. They have made planters using recycled old tyres, painted them bright colours and planted their flowers in them. We also initiated an Eco Friendly Poster competition whereby all pupils in the school could enter. We announced 3 winners from a total of 40 entrants and in the process educated ourselves in the importance of recycling. We learned our eco song/poem:-

*Reduce, Reuse, Recycle
Words that we all know
We have to save our planet
So we can surely grow
We might be only children
But you my friend will see
Reduce, Reuse, Recycle
It starts with you and me!*

We are now preparing for Spring so we have been busy planting our carrots, tomatoes and peppers. We have recycled palettes and are using them to grow our tomatoes. The carrots are beginning to grow in our vegetable plot. Our daffodil bulbs blossomed and the children loved their beautiful yellow colours. We are looking forward to our Easter Egg Hunt in the garden.
