

## VALIDATION OF STUDIES

### **Authorisation**

The British School of Lanzarote is fully authorised by both the British and Spanish Ministries of Education as a centre providing a British education to pupils. The authorisation from the Spanish Ministry of Education is published in the B.O.C. N° 130 9/10/95.

### **Validation**

The education provided at the British School is fully recognised and validated if a pupil moves to a Spanish school at any time.

- Currently formal validation is not necessary for pupils up to and including Year 10 (3<sup>o</sup> ESO). If pupils have completed a certain year successfully at BSL, they will be automatically accepted into the following year at a Spanish school.
- At the end of Year 11 (4<sup>o</sup> ESO) studies are validated as the “*Educación Secundaria Obligatoria*” and the pupils receive the “*Homologación de ESO*”. Four IGCSE passes (Grades A, B or C) are needed for validation plus passes in the internal marks of the Spanish section of their studies.
